

- ❖ Three part construction comprising a pressure die-cast aluminium back plate and gear tray with a polycarbonate diffuser.
- ❖ LED array is bonded directly to the gear tray for improved thermal performance.
- ❖ Available with integrated Microwave sensor.
- ❖ Ingress Protection rating: **IP65**
- ❖ Impact Resistance rating: **IK10**
- ❖ Power Consumption: **10W**
- ❖ Lumen Output: **1,000 lumens**
- ❖ Part Number: **MIZ-10**
- ❖ Options:
 - ❖ For Microwave Sensor add suffix **MWS**
 - ❖ For Emergency Conversion add suffix **EMC**

A robust luminaire suitable for use in both interior or exterior locations. The body is made from pressure die-cast aluminium and finished in a white polyester powder coat paint. Rated to IP65 for particle and moisture ingress and also rated to IK10 for impact strength. Can be used with an integrated occupancy sensor which will lower the light output to a pre-determined level when the controlled space is unoccupied. Self-contained, Maintained Emergency conversions are also available.
